PROJECT PROPOSAL

Modern Residential Complex

REF: QTN-500 — Issue Date: May 27, 2026

CLIENT INFORMATION

TO:

Jitu

452 Skyline Blvd, CA
San Francisco, 94105
United States

SCOPE OF WORK

Provision of comprehensive structural consultancy and civil engineering designs for the proposed multi-story residential building.

This quotation includes initial feasibility analysis, schematic design development, structural load calculations, and construction documentation required for city permit approval. Our approach leverages high-precision BIM modeling to ensure structural integrity and architectural alignment throughout the project lifecycle.

Terms and Conditions – Quick Quote Application

1. Agreement Overview

These Terms and Conditions ("Agreement") govern the use of the Quick Quote application ("Application," "Service," or "Platform") provided by [Your Company Name] ("Company," "We," "Us"). By accessing or using the Application, you ("User," "Client") agree to comply with and be bound by these Terms.

2. Description of Service

- Quick Quote is a digital platform that enables users to generate, manage, and share price quotations for products and services. The platform may include features such as automated pricing, templates, analytics, and integrations.

3. User Responsibilities

- Users must provide accurate and complete information while generating quotations.
- Users are responsible for reviewing all quotes before sharing them with clients.
- Any misuse of the platform, including fraudulent or misleading quotations, is strictly prohibited.

4. Pricing & Payments

- The Application may offer free and paid plans. Pricing details will be clearly communicated on the platform.
- Subscription fees (if applicable) are billed on a recurring basis.
- All payments are non-refundable unless otherwise stated.

5. Data & Privacy

- We collect and process user data in accordance with our Privacy Policy.
- Users retain ownership of the data they input into the platform.
- The Company implements reasonable security measures but does not guarantee absolute data protection.

6. Intellectual Property

- All software, design, content, and features of the Application are the intellectual property of the Company.
- Users may not copy, modify, distribute, or reverse engineer any part of the Application without prior written consent.

7. Accuracy of Quotes

- The Application provides estimates based on user inputs and predefined logic.
- The Company does not guarantee the accuracy, completeness, or reliability of generated quotes.
- Final pricing decisions remain the responsibility of the user.

TERMS & ACCEPTANCE

By signing below, the client agrees to the costs estimated on this page and the scope of work defined on page 1. Prices are valid for the listed validity period. Upon acceptance, an initial deposit invoice will be issued.
